ABOUT ME

I am a motivated and enthusiastic student with a strong interest in programming and web development. I have knowledge of C, C++, and Python and enjoy learning new technologies and solving coding problems. I am a quick learner, a good team player, and eager to gain practical experience through an internship while improving my technical and problem-solving skills.

EDUCATION

Bachelor of Computer Science 2023 – 2027
Artificial Intelligence & Full Stack Development · Chaitanya Deemed to be University

Intermediate 2021 – 2023
Sr. Junior College · Percentage: 94%

SSC 2006 – 2021
Geetham Concept School · Percentage: 98%

PROJECTS

Gesture Based Volume Control

- Controls the computer's volume using hand gestures, eliminating the need for a keyboard or mouse.
- Uses computer vision and machine learning to detect and recognize hand movements in real time.
- Provides a touch-free, fast, and user-friendly way to adjust volume, improving convenience and accessibility.

Food Waste Management System

- Developed a web-based Food Waste Management System to reduce food wastage.
- Implemented food donation, listing, and request management features.
- Enabled food donors to share surplus food with NGOs and needy people.
- Designed a responsive and user-friendly interface.

CERTIFICATIONS

- Cybersecurity Job Simulation — Mastercard (Nov 2026)
- Cybersecurity Analyst Job Simulation — Tata Consultancy Services (Nov 2026)

SKILLS

- C++
- Python
- HTML / JavaScript
- Object Oriented Programming
- Data Structures

STRENGTHS

- Communication Skills
- Time Management
- Positive Thinking
- Team Work
- Problem Solving

- Front-End / Web Development (Basic)
- Quick Learner
